The Reparations Policies and Guidelines for the grant of reparations, formulated by the OR were approved by the Cabinet of Ministers on August 17, 2021. This completed the statutory process to obtain policy approval and provides the basis for the programme of work of the Office for Reparations. The Ministry of Justice has taken steps to submit the Reparations Policy and Guidelines to the Parliament as required in the Act.

The Policies approved by the Cabinet of Ministers identify 8 key thematic areas of intervention and 10 guiding principles to be complied with, in providing reparations to aggrieved persons.

The progress of activities undertaken by the OR are given below

3.1 Livelihood support

In order to improve the living standards of the aggrieved community, the OR developed a knowledge and technology transfer programme enabling new startups and entrepreneurship. This programme is designed to provide aggrieved persons with knowledge to initiate new businesses using locally available resources. This will enable the aggrieved community to explore new startup opportunities that are more competitive in the market than traditional industries.

The first Knowledge and Technology transfer programme was conducted for female heads of households in Thellipalai divisional secretariat in the Jaffna district in December. One Hundred and Two (102) women participated in the programme which provided both lectures and practical demonstrations on new startups such as virgin coconut oil extraction, preparation of liquid soap. Follow up activities are being coordinated with interested beneficiaries to support new ventures.

3.2 Compensation and Financial Support:

During the period under review, the OR processed 5,964 claims and paid Rs. 399.8 million as compensation for death, injury and loss or damage to property as a result of the North & East conflict and seven other incidents of civil commotions that occurred between 2006 and 2019.

	Item	Quantum
1	Total Budget allocation for "Recurrent expenditure"	Rs. 900 Million
2	Total sum internally allocated out of the "Recurrent expenditure" budget, for payment of compensation	Rs. 800 Million
3	Internal allocation (ie. 800 Mn) as a percentage of the total Recurrent budget	88.9%

Although Rs. 800 million was assigned for the payment of compensation in 2021, frequent lockdowns and travel restrictions that became necessary as a result of the COVID19 pandemic resulted in the processing of claims being severely hampered.

In addition to the compensation payments, the OR also continued to implement a loan scheme that was commenced by REPPA. The loans are disbursed through the Bank of Ceylon from monies released to the Bank by the General Treasury. The officers of the OR are engaged with Bank officials to evaluate and recommend Applicants to select beneficiaries. Under this scheme, financial support is provided for aggrieved persons for self-employment and housing. In addition, socially reintegrated ex-combatants are also supported for self-employment. A maximum sum of Rs.250,000 at the rate of 2% interest per annum was granted as loans. Summary of the progress under this scheme is given below

Scheme	No recommended by the OR to receive loans during 2021	No of beneficiaries that obtained loans from the	Amounts disbursed as loans (Rs.)

		BoC during 2021	
Self-employment support for aggrieved persons	49	206*	42,350,000

Total	159	289	6,610,000

* This includes the number of beneficiaries recommended during 2020 as well

It was observed that the Bank is not able to grant loans to all those recommended by the OR due to the applicants being unable to provide collateral. Discussions were had to redesign the scheme to achieve better outcomes for those requiring financial assistance to commence or continue self-employment projects.

3.3 Restitution of Land Rights; Provision of Housing; Development of Community Infrastructure ; Administrative Relief

Since many programmes have already been implemented at District level, the OR considered it necessary to engage with the district administration to identify the gaps. For this purpose, the OR met with the District Secretaries from all 25 districts in November 2021 to create awareness on the role and mandate of the OR, and to discuss the support expected of them. The OR distributed a questionnaire to collate relevant information from the District and Divisional Secretariats to identify the needs of the aggrieved community. Discussions will be held with relevant government organizations thereafter, to pursue the possibility of incorporating these needs into respective programmes.

3.4 Psychosocial support

The impact of conflict on victims was identified as a serious concern that needed to be addressed. A pilot Psychosocial Support Programme was designed and the training of 26 Case Managers was completed during the year under review. The training was based on internationally accepted principles and standards. A majority of the training had to be held virtually due to the COVID19 restrictions. The pilot programme commenced during the year with the conduct of the field level engagement with 136 aggrieved persons in five Divisional Secretariat areas that were selected for the Pilot programme, ie. within the Districts of Kilinochchi, Batticaloa, Ampara, Kurunegala and Matara. The field work is scheduled to be completed by March 2022 and the Case Managers will be engaged in the process for approximately six months until June 2022.

3.5 Measures to advance unity, reconciliation and Non recurrence of violence

Several initiatives have been identified and are being discussed and will be undertaken in collaboration with relevant stakeholders including government and Civil Society Organizations. An initial discussion to introduce a pictorial book to promote peace and unity among primary grade students was held with the Ministry of Education.

Given the commonality of objectives of the Office for Missing Persons (OMP), the Office for National Unity and Reconciliation (ONUR), and the OR, the Members of the OR initiated a joint consultation grouping titled the "Unity Cluster" which meets regularly to discuss common programmes and areas for support and thereby avoiding duplication and promoting meaningful use of resources.

3.6 Other key initiatives

With a view to providing information to those who closely engage with aggrieved persons and those who aspire to know about the reparations regime of Sri Lanka, the OR printed and distributed a Questions and Answers (Q&A) booklet in March 2021. Consequent to the Cabinet granting approval for the Reparations Policies and Guidelines, it was considered important to revise the Booklet to incorporate some of the policy perspectives that have been adopted. Accordingly, a revised version of the Q & A was printed in December.

- **Transparency and dissemination of information**

In pursuance of providing appropriate and accurate information, the OR website has been revamped and all information uploaded in all three languages, subject to maintaining confidentiality with regard to details regarding aggrieved persons.

In addition, a comprehensive Information Management System is being developed to enable evidence-based decision making in relation to the grant of reparations to aggrieved persons.
